

Reinhold Environmental Ltd.

2008 APC Round Table
& Expo Presentation

July 13-15, 2008, in Savannah, GA

Small Wood Chips Co-milling

- Small wood chips (i.e., nominally ½ inch or less) may feed through coal pulverizers
- USDA Forest Service co-funded project
- Biomass from the Talladega National Forest was used
- Tests at Plant Gadsden in November 2007 and April – May 2008
